

Sensory Beach Plate

Create your own sensory beach

You will need:

Paper plate

Paint

Sand/gravel stones

Any cool vibrant accessories to create starfish, fish, coral

Glue

Instructions:

Add glue to the bottom half of your plate

Sprinkle small amount sand/gravel at the bottom

Let dry, then paint top half blue/green

Once dried stick on your fish/coral accessories

Leave to dry, then you can feel all the amazing textures you have added to your sensory beach!
