

## MUSIC TIME!

Let's have fun and make our own shakers & maracas!

Use any recycled bottles or containers that you can find in kitchen or old shampoo bottles.

Fill with pasta, rice, small stones from the garden, anything you can find!

Fill half-way up so it has space to make a shaking sound.

Decorate using tape, paint, paper, anything you want.

Make your own music or use these along with your favourite tunes.

Add some cheer for our NHS and key workers! Make some noise!
